Drivers from all over the Gainesville, FL area and far beyond understand the excellence that comes with a truly luxurious vehicle and, in case you haven't checked it out yet, the **2018 Volvo XC60** has arrived here at Volvo of Ocala! It's been getting a lot of attention lately, including the experts over at [Autotrader.com](#), and they've taken it out for a drive to give you an idea of what cruising in this powerful and elegant compact crossover is like. Boasting a gorgeously refined style inside and out, plenty of space for passengers and cargo alike, cutting-edge technologies, and safety tech like an Oncoming Lane Mitigation system, you'll be ready for nearly anything that the road brings you. And with the power of an available turbocharged and supercharged engine hitting 316 horsepower, you'll never want your drives through Lady Lake to end. See what we mean:

We have the Volvo XC60 right here at our Ocala dealership, so make the short drive to see us from Inverness or wherever you call home. One look at the XC60 or any other ride in our selection of **new Volvo** models, one talk with our team of professionals, and one test drive later, you'll be a Volvo fan for years and years to come.
